A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these or-

ment of the nerve conters supplying these organs with nerve fiuld or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying cut. The little white lines a rethe nerves which convey the nerve force from the nerves which convey the nerve force enters to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact, instead of treating the nerve renewal. instead of treat-ing the nerve cen-ters for the cause of the disorders arising therefrom they treat the part affected. Franklin Miles,

M. D., LL. B., the highly celebrated specialist and specialist and student of nervous diseases, and author of many noted treatises on the latter subject, long since remixed the truth of the first statement, and his Restorative Nervine is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nervine is a reliable remedy for all nervous diseases, such as

1893 THE SILVER PLATFORM.

The silver wing of the Republi can State Convention unanimous-

ly adopted the following platform: The convention enderses and adopts the platform of the Republicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the administration of President Harrison, insofar as they have failed to accomplish the complete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it a cupled previous to the passage or the Mint Act of 1873, is essential to the prosperity of the country and pasamount to all other political considerations. The legislation which robbed silver of its meney functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

And we favor the continuation of agitation and contention for the free and unumited coinage of silver at the present ratio of 16 to 1, for their own benefit and for the benefit of the people at large miners, farmers, laborers and me-

sentatives of the various silver leagues, irrespective of past party affiliations, in convention assembled, do set forth the following declaration of minciples: First. We demand the full re-
